

**STATEMENT OF CANDIDATE FOR  
AUBURN CITY COUNCIL**

**Bridget Powers**

**Occupation:** Title Insurance Sales

**Education and Qualifications:** Dear Fellow Auburn Residents:

As a longtime Auburn resident, local business supporter and community volunteer, I want to serve as your representative on the Auburn City Council.

I was appointed to the City Council in 2005, and that tenure has provided me insight on the responsibility - and privilege - I have in living in and serving such a wonderful community. I want the best for Auburn, and I'm willing to work hard to make that happen.

The City of Auburn blends a wonderful history with a very bright future. With a balanced vision for growth and using the natural resources we have, we can continue to be Placer County's most livable community. We can do this, together, if we focus on these priorities:

Quality police and fire protection; Improved airport facilities; Expanded senior services; Cooperative, accessible government; Vibrant Downtown and Old Town businesses

I pledge that I will be Auburn's most accessible City Council member by holding community forums and neighborhood meetings. It's only through meeting you and knowing your concerns that I can represent your needs on the City Council.

For our past and future, vote for Bridget Powers for Auburn City Council.
